<i>I have worked in (health) library practice</i>	10-15 years	<i>Education</i>	---
<i>My professional education and experience</i>	All began with working in public libraries during university period (Faculty of Geology).The training courses for Cochrane reviewers opened my mind so from 2002 I work in health context as head librarian, information specialist and teacher about biomedical and nursing databases, EBP and the medical information assessment. Today I work in SBBL(Health Library Network in Lombardy Region)being also a member of the Committee .I'm in the executive board of Italian Information specialist Association-Gidif		
<i>What I think is special about EAHIL</i>	Meet colleagues, expanding the vision about our profession and the user needs, creating the opportunity of a growth with courses, workshops and conferences, this is EAHIL for me: our global town		
<i>What I expect to contribute to EAHIL Council</i>	Team work is for me the pathway. We have to consider how to preserve the importance of being part of the health management, with a stronger relation with the users especially in hospital set		
<i>What I think are the most important issues for European health information professionals in 2017-2020</i>	Building innovation with deep basement, Professional competence, Expertise, Flexibility		
<i>My one-line statement for my election campaign</i>	I'm working in the SBBL team for the organization of the EAHIL Conference in Milan in 2020.We think it's important to have an experience in the Council to get better results and plan a great Conference.
