

2016 EAHIL COUNCIL ELECTION - CANDIDATE STATEMENT			
<i>Name</i>	Ms Ewa Dobrogowska-Schlebusch	<i>Country</i>	Poland
<i>Affiliation</i>	Department of Information Studies, Jagiellonian University - Collegium Medicum, Institute of Public Health, Kraków		
<i>I have worked in (health) library practice</i>	10-15 years	<i>Education</i>	Master's (MSc / MLIS / MA)
<i>My professional education and experience</i>	I graduated from Jagiellonian University in Kraków with a Master degree in Polish Philology. In 2009 I completed postgraduate degree in Teaching Polish as a Second Language, also at Jagiellonian University. After I my graduation I worked for 10 years in Medical Library in Kraków (Institute of Public Health Library). Currently I am working as a assistant researcher at the Department of Information Studies (Institute of Public Health, Faculty of Health Sciences, Jagiellonian University).		
<i>What I think is special about EAHIL</i>	The opportunity to cooperate with medical librarians from around the world and the possibility to exchange ideas and information within the broad field of health care information and librarianship		
<i>What I expect to contribute to EAHIL Council</i>	<ul style="list-style-type: none"> - to share my practical experience in assessing the information needs and information behaviour of different types of healthcare consumers - to emphasize the needy for librarians to become effective members of research teams and improve research output. 		
<i>What I think are the most important issues for European health information professionals in 2017-2020</i>	<ul style="list-style-type: none"> - the assessment of information needs of healthcare users - to facilitate cooperation between medical libraries and the medical research field - knowledge sharing and translation 		
<i>My one-line statement for my election campaign</i>	I hope to see closer collaboration between the researchers working in area of health science and medical librarians and to contribute to mutual exchange of experience and information
