

Francesca Gualtieri

Head, Scientific Information & Library Services

ROTTAPHARM BIOTECH

Via Valosa di Sopra, 9

20900 Monza MB – ITALY

e-mail: francesca.gualtieri@rottapharmbiotech.com

I have been working in the Pharmaceutical Industry since 1986. In 1990, I joined the Rottapharm Group, an Italian Multinational Pharmaceutical Company, and since 2014, I have been working in Rottapharm Biotech s.r.l., a Rottapharm S.p.A. research spin-off. In Rottapharm Biotech, since 2001, I have been head of the Library and I have been taken care of the Scientific Information Services with particular attention to new search tools for research innovation and drug discovery.

Been a member of GIDIF-RBM (Italian Group of Biomedical Librarian and Information Specialist in Pharmaceutical and Biomedical Research) I serve as treasurer. I am also a coopted member in EAHIL Board, where I take care of data system maintenance.

Aims for EAHIL:

If elected to EAHIL Board, I would promote the association's goals to motivate, develop information and professional skills in biomedical librarianship, and create a professional network to participate in European projects and teams.

I will also promote the Special Interest Group for Pharmaceutical Information (PHIG) activities to organize workshops, vendor meetings and working-teams in the analysis of new technology (Artificial Intelligence, Big Data usage and analysis, semantic web search). I will also participate to MeSH group and promote all study and working group to explore and develop new competencies for the future librarian skills.
