

EAHIL 2026

President or EAHIL Board Member Candidate Statement

Name	Eric Ahl
Institution/Affiliation	HTA South, Skåne University hospital
Contacts: (@, phone, country)	eric.ahl@skane.se , +46 171123, Sweden
Professional Background	I am an information specialist working at HTA South, assisting in Health Technology Assessments (HTA) and Guideline development in southern Sweden. Prior to my engagement at HTA South, I spent several years working at hospital libraries in southern Sweden.
Professional Interest	<p>In my role as an information specialist, my professional interests lie within methodological questions concerning systematic searches, and more broadly, the information specialist role within the HTA process and healthcare decision-making.</p> <p>Apart from maintaining an expertise within evidence-based practices, I also have an interest in programming and bibliometrics and I am currently participating in the development of a system for hospital-based research metrics.</p> <p>Lastly, I place great value in networking, and I actively participate in networks and expert groups both locally, nationally and internationally. I am currently a member of the EAHIL Council.</p>
Aim for EAHIL (if elected I will)	As a member of the EAHIL board my aim will be to work to further the infrastructure for international knowledge sharing and professional development. My belief that I carry over from national knowledge sharing networks is that having a clear and efficient infrastructure for knowledge sharing is essential.
