

<b>2016 EAHIL COUNCIL ELECTION - CANDIDATE STATEMENT</b>			
<i>Name</i>	Ms Gyongyi Karacsony	<i>Country</i>	Hungary
<i>Affiliation</i>	University and National Library, Life Science Library, University of Debrecen, Debrecen		
<i>I have worked in (health) library practice</i>	More than 15 years	<i>Education</i>	Master's (MSc / MLIS / MA)
<i>My professional education and experience</i>	After my graduation in English language & culture and IT & Library Science at the University of Debrecen, I started working in the Medical Library of the University of Debrecen in 1994. Since then I have gathered experience in metadata creation, website design, teaching digital literacy, administrating e-resources subscriptions, scholarly communication. My current fields of interest include open science, research data management, research support, strategic planning, quality management.		
<i>What I think is special about EAHIL</i>	Very strong community with excellent experts and great conferences.		
<i>What I expect to contribute to EAHIL Council</i>	Relying on my experience and professional relationships it is my aim to link EAHIL and the medical libraries in the country. It is of main importance to channel global trends and solutions to Hungary as well as to create international projects, cooperation. Personally, as a team worker, I am ready to work with Council members on EAHIL projects.		
<i>What I think are the most important issues for European health information professionals in 2017-2020</i>	Open science, data management, digital literacy, personal information management, communication		
<i>My one-line statement for my election campaign</i>	My commitment is to advance our profession. I believe the main pont is managing change, cooperation and communication within and throughout geographical borders and professions.
