

EAHIL Council Election - Candidate Statement	
<i>Country</i>	Czech Republic
<i>Name</i>	Dana Zdenkova
<i>Affiliation</i>	Charles University Prague, Faculty of Medicine Pilsen
<i>My professional education and experience</i>	I have a master's and doctoral degree in Information and Library Science from Charles University in Prague, Faculty of Philosophy. I am a member of the European Association of Librarians and Documentalists, Czech Medical Organization of J. E. Purkyne – Czech Medical Informatics and Scientific Information, and the Association of Library and Information Professionals of Czech Republic. I have international experience from Copenhagen University Library Authority, London, and Nottingham. Currently, I am the Library Director at the library faculty of medicine. I also teach PhD students.
<i>What I think is special about EAHIL</i>	EAHIL is a very special organization that combines professional networking with genuine human friendship.
<i>What I expect to contribute to EAHIL Council</i>	I would like to attract more people from my country to join EAHIL and collaborate with other information specialists. I will personally support all of the Council activities.
<i>What I think are the most important issues for European health information professionals in 2025-2028</i>	There are many important professional issues ahead of us as information specialists. We must support our users by saving them time, allowing them to focus on treating patients, educating students, and advancing science. However, we must not forget that libraries are also places for social gatherings and connections.
<i>My one-line statement for my election campaign</i>	Libraries are places where you can feel good without spending any money.
