

EAHIL Council Election - Candidate Statement	
<i>Country</i>	The Netherlands
<i>Name</i>	Wichor Bramer
<i>Affiliation</i>	Erasmus MC, Rotterdam
<i>My professional education and experience</i>	Bachelor biology, bachelor information services and management. PhD Epidemiology on searching for systematic reviews. Biomedical Information Specialist for 15 years, specialized in Systematic Reviews.
<i>What I think is special about EAHIL</i>	EAHIL is the perfect organization to connect with your peers, especially for those colleagues who work in small libraries without many colleagues to discuss important issues with.
<i>What I expect to contribute to EAHIL Council</i>	I have lots of experience in the profession and as chair of the local organization committee for EAHIL 2022 in Rotterdam. With experiences in school boards and works councils I tend to have a sharp eye for potential organizational improvements.
<i>What I think are the most important issues for European health information professionals in 2025-2028</i>	<ul style="list-style-type: none"> - Threats and opportunities of Artificial Intelligence - Promoting and guiding Open Access and Open Data - Cost increases and budget cuts - Keeping up with the increased demand with limited resources
<i>My one-line statement for my election campaign</i>	We sure vote for Wichor.
